

JOIN the Disaster Resilience Council

Business Disaster Resilience Council membership registration form

*a private sector network for disaster risk reduction, emergency preparedness,
response and recovery
to engage with Government, UN, international organisations, NGO, CSO on disaster risk
management before, during and after emergencies*

Who should register?

Any organisation may register a representative who would normally be a Chief Executive or a senior manager of the organisation, a decision-maker within the organisation on business continuity planning, disaster risk reduction, disaster response or disaster relief. He/she is expected to be involved in pre-disaster planning, report initial damages incurred and make decisions such as dedication of resources, assets and materials for disaster response.
